📍 Nottinghamshire

SUMMARY

A friendly and approachable individual who demonstrates drive and enthusiasm in any task he undertakes. Possesses effective communication and listening skills and is a vital asset to any team but works equally well individually. Adaptable and flexible. A person who is willing to participate in training to develop new skills and improve existing ones.

EXPERIENCE

Cyber Security Analyst

Securtia

📅 04/2021 - 2021 📍 London

Cyber-Security Consultancy Services

- Designing and documenting an OpenSSH-FTP system with Ubuntu,
- Scanned the network ports with Nmap,
- Monitored the network with Wireshark,
- Scanned the network with Burp Suite for vulnerabilities,
- Implemented user and group policies to reduce or restrict privileges,
- Reported my findings by my chain,
